It always helps in the best interest of our youth to use their brains and get in good standing with your participating Barbershop/Salon by sweeping up (hint hint). Barbershops and Salons making this effort on behalf of the community are not responsible to bear the cost of any hair cut or doo.

If more is wanted, more must be given. We are asking professionals to take from their time and energy to act in the best interest of these young boys and girls, we will not take advantage.
